RE: Ex Parte No. 705

Dear Ms. Brown:

Prayon, Inc. understands that the Surface Transportation Board is reviewing the level of rail competition in the national rail system. We appreciate the opportunity to register our support for increased competition for rail dependent shippers.

Prayon, Inc. depends on reliable and affordable shipments of products to remain competitive in an increasingly competitive global market place. We encourage the Board to revise its policies to ensure the maximum rail to rail competition possible in our current consolidated freight rail system, as intended by the enactment of the Staggers Rail Act.

A competitive national rail system is essential to American consumers, the creation of American jobs, increased American exports and a healthy national economy. Improved competition policies by the Board can increase competition in our national rail system, to the national good.

Sincerely,

Tim Stansell
Sr. Purchasing Agent
